

Long Beach Fitness Center  
2009 Employee Participants of the Year

The Boeing Long Beach Fitness Center would like to recognize Kelinda Starr and Leonard Whitehead as the 2009 Employee Participants of the Year.

Kelinda Starr works as a senior manager of Program Performance, managing systems and organization processes. A marathon runner since the 1990's, she is often seen training for the next race. Her next competition will be her first mini-triathlon Iron Man competition. Along with her fitness activities and work at Boeing, Kelinda is a mother of 2 boys, and is in the final stages of completing her MBA!

Leonard Whitehead, working in the aerospace industry since the early 1980s, is currently in production and cost scheduling for the C-17. Leonard participates karate and self defense activities, loves walking, and is an avid member of our Pedometer Club. He and his wife Linda can be seen at the fitness center almost every afternoon working out near each other. Linda & Leonard enjoy the outdoors, traveling and cruises, and in fact met each other in the great outdoors while on a camping trip!

Kelinda and Leonard have made exercise and healthy living a part of their daily life. They bring a positive attitude and kind words of encouragement to those around them, and always lead by example. We are pleased to honor them with this year's award. Congratulations to Kelinda Starr and Leonard Whitehead for their outstanding participation in 2009.
